**Recap of 2009-2010 Season** - The season started out with a bang. An early snowfall dump gave a good base early in the year. Everyone was hyped and ready to go. However, we were soon disappointed. Mother Nature didn't provide the snow most of us would have liked to see. Trails closed early, officially on February 18.

**Death Stats** - There were 21 deaths this season with 19 of those being male. Five of those 21 were not wearing helmets. Only nine of those killed were killed on the trail system. None of those killed had taken a safety course and the average age was 47.

**Trail Clean-up** - Was accomplished early this year. Thank you to all who contributed their time and efforts.

**Adopt-a-Highway** - We will be continuing our spring tradition of cleaning our stretch of CB from McDonalds to BB. It has been scheduled for April 17, 2010. We will meet at Burger King at **8 am**. Come dressed wearing your grubs, a pair of gloves and whatever other materials you would like to bring to accomplish the job. You can work independently as well. Just pick a section to do on your own if you have some free time. Just make sure if you go out that you wear your green vest that is provided. If you have any questions feel free to give Chad Spaulding a call.

**Membership Numbers Up** - We have 39 paid members this year. It is the highest number in memberships that we have had in years. Thanks to all!

This is my last newsletter of the year, so let me finish by saying what a great successful year we had. Mother Nature did not cooperate as much as we would like to see given all the work we put in all year round for this all to happen. However, working together and cooperation was a huge plus this year and for that, Mike and I would like to thank you. See you all next year and don't forget, THINK SNOW!!!
